UNDER SECRETARY OF STATE
FOR POLITICAL AFFAIRS
WASHINGTON

May 1, 1962

~~CONFIDENTIAL~~

Dear John:

I have become increasingly aware, as I think you have also, that some form of ad hoc interagency consultation is necessary to make certain that United States policies with respect to civil aviation in developing countries are properly formulated and executed to meet political and security requirements. Not only should the aviation aspirations of these countries be responded to in a constructive manner, but positive steps are required to counteract or interdict Soviet bloc penetration of these countries through aviation activities.

I would be grateful if you would give this same problem some thought and discuss it with me soon. I am writing similarly to DOD, FAA, CAB and AID, and will arrange a meeting on it in a few days.

Sincerely yours,

G. C. McGhee
